

FACTSHEET

SEGMENT E CONSTRUCTION

Project Overview

In January 2014, the Florida Department of Transportation (FDOT) is scheduled to begin the first of four segments of the 75 Express Lanes Construction project (Segment E), which extends along I-75 from North of Griffin Road to I-595, in Broward County. Segment E is scheduled to be completed by late 2016. The project cost for Segment E is \$75 million.

Segment Details

Work Includes:

- Constructing Express Lanes in the existing median
- Constructing entrance and exit access points to the Express Lanes at various locations
- Constructing a direct connect bridge to the 595 Express Lanes
- Adding a new drainage system with ponds
- Constructing Sound Barrier Walls at various locations
- Installing Intelligent Transportation (ITS) and Toll Systems
- Adding new signage, lighting and landscaping

Adjacent Municipalities:

- Weston
- Davie
- Southwest Ranches
- Sunrise

Affected communities/properties will be notified directly.

Lane Closure and Detour Information

Travel lanes along I-75 will be minimally impacted during construction, as the majority of the work will take place in the existing median and outside of roadway shoulders. Lane closures will take place during the construction of overhead bridges and access points to the Express Lanes at specified locations during non-peak hours. For additional information on lane closures in your area, please visit our website www.75-express.com.

Helpful Safety Tips

FDOT takes steps to minimize any construction disturbances but you might experience the following:

- Travel lane closures and detours
- Increased dust and noise
- Workers and equipment moving in/around the area

For your safety and the safety of others, please use caution when driving around any construction zone. Allow for extra time to reach your destination and obey all posted signs and speed limits.

Note: This schedule is subject to change due to weather and/or unforeseen circumstances

FACTSHEET

SEGMENT E CONSTRUCTION

PROJECT LIMITS: North of Griffin Road to I-595

This work is part of the I-75 Express Lanes Project that extends 15 miles from NW 170 Street, in Miami-Dade County, to I-595, in Broward County. Work will be completed in four segments to minimize affects to the public and is scheduled to be completed by early 2018.

This project will complete another section of the South Florida managed lanes network for all motorists and will improve mobility, relieve congestion, provide additional travel options and accommodate future growth in the area.

Note: This schedule is subject to change due to weather and/or unforeseen circumstances
